To Whom This May Concern,

As of Monday 3/23 MRM Dental Laboratory will be closing down for the next week and will reevaluate on 3/30. We simply do not want to put our employees and their families in any danger. Please understand as this is a time we all need to make a difference and stay home to protect ourselves, our family, and anyone at high risk. Thank you for your understanding and we look forward to continuing our business with you.

With Regards,

Rimon Hanna  
Owner
